Any suggestions would be great. I am leaving Sunday with my wife for work trip in Puerto Rico. So weather is going to be mid 80's with a chance of rain. Enjoy your weekend!!!

Thanks Eric.

I won't suggest you revisit it.

Hope you are able to have a great weekend. The weather is supposed to be in the 60s-70s here.
☺ My wife already told me that we will be roto-tilling the garden. She knows that I like to play in the dirt.

Hi Dave:

This is the QAPP I have form August 2015. I am looking to see if we have

a revised one based on some of Lyndsey's input. However, this was always a Weston product. For our future assessment activities, I really want to revisit this and revise accordingly. I should hear back on Monday from Weston to verify if there are more recent versions.

Thanks
